Order No.	Description
40044	MP3
40046	MP5
40048	MP7

Other Shank Dimensions Available

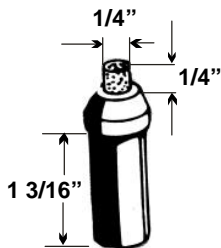

## For Best Performance:

- 1) Position dressing tool so that at least three diamonds are in contact with wheel face.
- 2) Mount at 15 degree angle in direction of wheel rotation.
- 3) Use coolant and rotate tool frequently.

## Impregnated Tools
